

# Hello, iPad

iPad = over 308 million units sold since launch in 2010

# Using your iPad out of the box

## **Get to know basic features**

Designed for simplicity, yet every feature has multiple uses:

- Sleep/power button
- Home button
- Headphone jack
- Dock connector
- Cameras (front/back)
- Speaker
- Volume control Toggle

# Let your fingers do the walking

## **Importance of gestures**

Single point

Point-and-hold

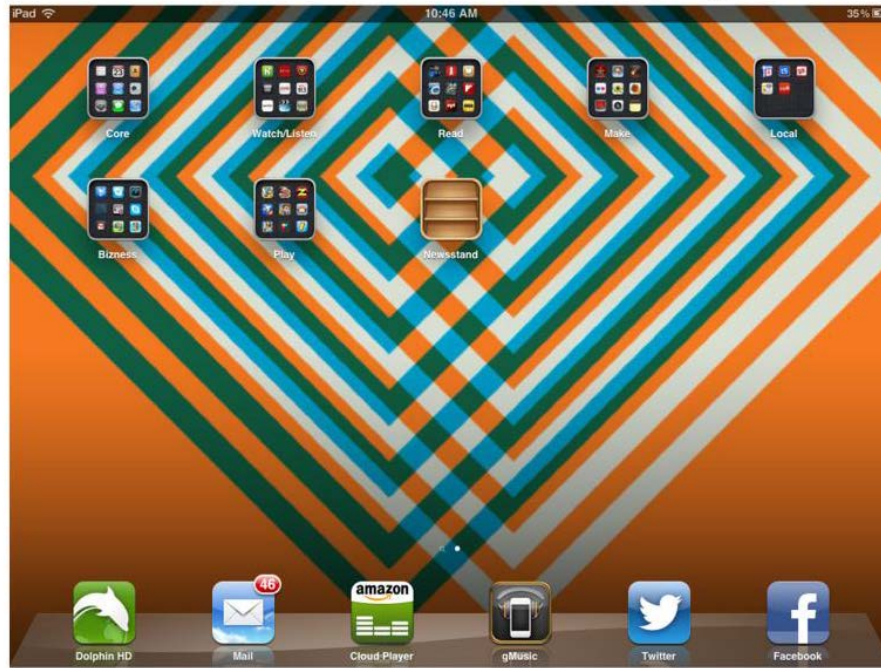

Point-and-drag

Pinch-to-zoom

Multi-touch gestures: Recent apps, last app accessed, return to Home screen

Home button: Taps

# Basic iPad Anatomy

## Home screen: things to point out

Page listings (dots on page) – adding an app will add a page

Removing apps from page

Search to right

Icons at bottom

Creating Folders for apps

How to return to Home Screen

# Notifications

**Notifications:** in notification bar and on icons themselves can travel to app directly by tapping on the notification

# Making sense of your settings

The first time you turn on your iPad, it will walk you through several steps. But the settings menu allows you to perform further customizations.

Passcode

Lock/Sleep settings

Sounds

Restrictions

Mute/Screen Rotation toggle

Display settings

Airplane Mode

# Safety first

Security and backup

Set passcode/screen lock

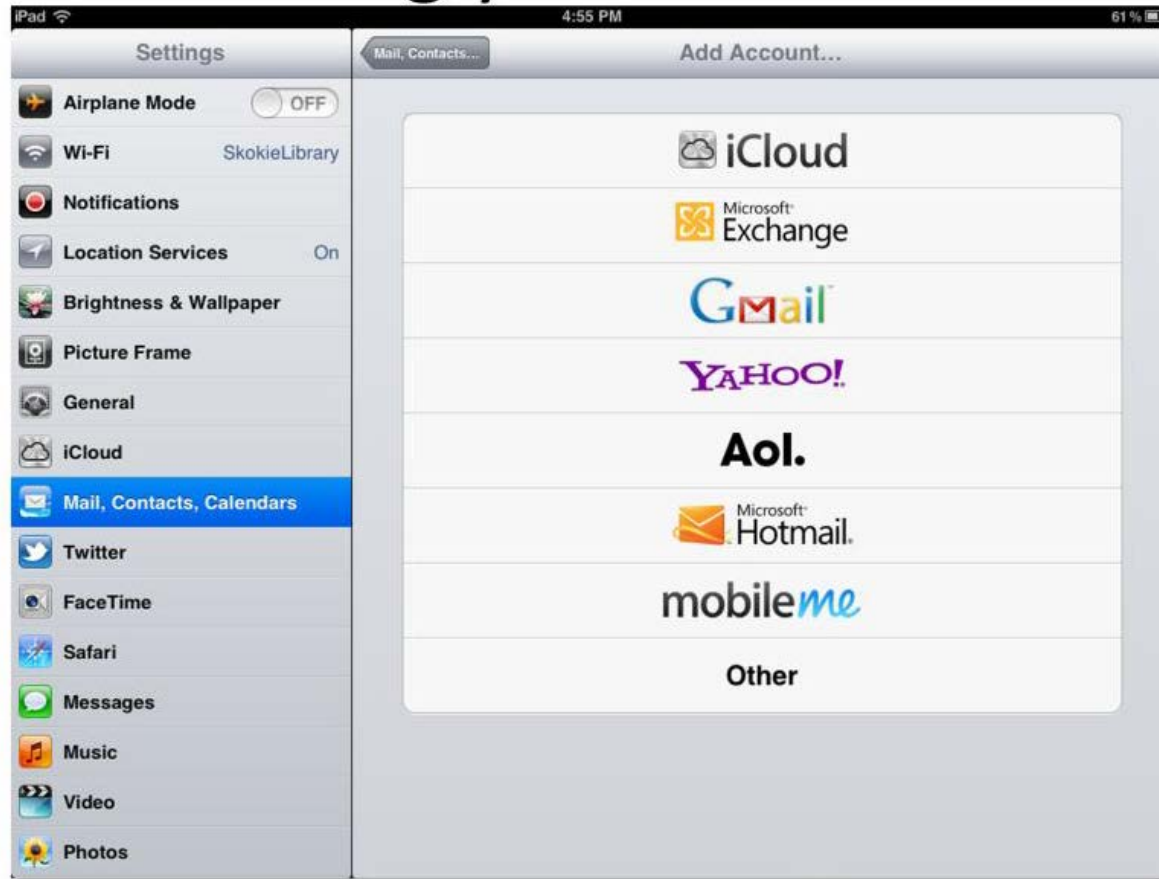

Find my iPad

Backup to other machine/backup

Sync – calendar, contacts, favorites, content, etc

Turn off automatic sync

# Linking your accounts

Can add multiple accounts,

Linking to work email – depends on how their settings are configured. check with them for IMAP/POP setup.

# Browsing the web

Home page

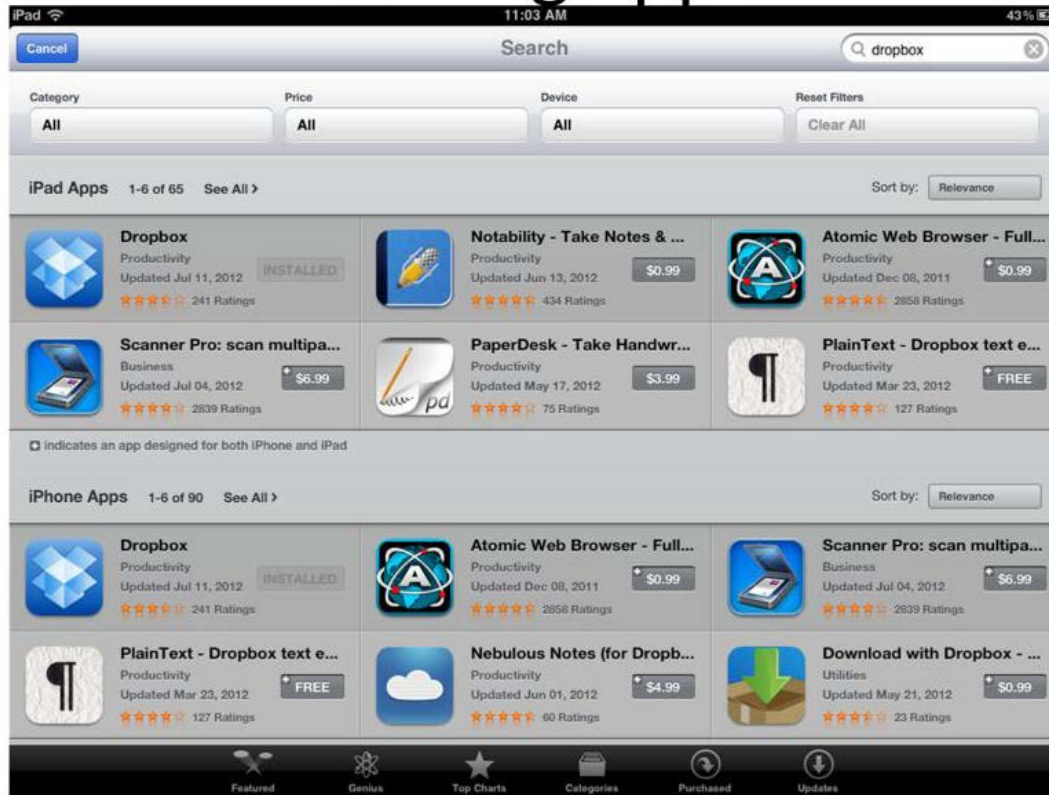

Scroll and zoom (tap menu bar to reset to top of page)

bookmarks (within browser, or adding to home page)

Search feature

Copy/paste – select text, URLs  
images

# Finding apps

## Tips for searching for apps:

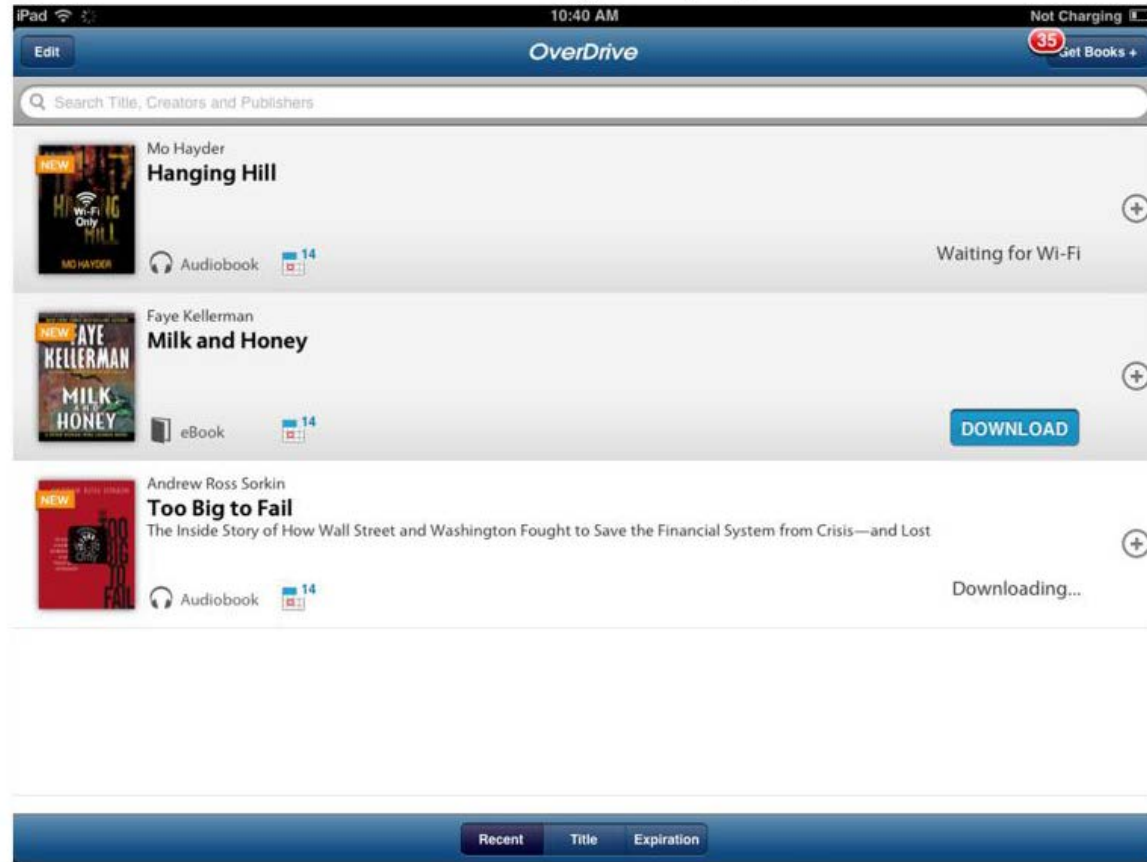

If you know the specific name, search for that first.

If not, try searching for a general term: “organizer,” “baseball,” “finance”

Sometimes easier to do a Web search

Paid vs. free: many times a trial is available

# Library apps

Overdrive, Hoopla, Flipster

# Any questions?

**If something goes wrong:**

Restart app

Restart device
